4) It seems that in these days of high prices the small fund for support in two cases particularly in full by persons receiving pensions in possession of income of Rs 50 whether in receipt medical relief should remain unchanged. It is for special who have many days from home to meet that pay as in many cases, he cannot evade his rule as there do. I think the limit which amount to Rs 100. for if we raise a little many, and he does not make any call for the given for some purpose. In this case limit he might authorised to keep his pension.

From Surgeon General, No.100/1917, dated 2nd December 1919

Prior to April 1915 medical advice and treatment were provided free or at a nominal charge to persons of all stations of life at public hospitals in this Presidency. But it has long been the accepted principle that in hospitals supported, wholly or partly, by the state, only the poorest classes have a claim for free treatment. The demand for relief at public medical institutions having grown rapidly, the Government in 1915, after a full consideration of the matter, prescribed a scale of charges to be levied from all but the very poor in State medical institutions in Madras City. The rules issued for the levy of these fees have so far worked satisfactorily, and they have now been extended to the head quarter hospitals in the mofussil also.

2. Representations have now been made that the present system of providing special accommodation in State medical institutions for the treatment of well-to-do persons other than Government servants at favourable rates of fees is inimical to the opening of private nursing homes and it is prejudicially affected the practice of medical practitioners, officials and non-officials. The Surgeon General recommends that a further step be taken by declaring that from and after the 1st of January 1921, no patient who can afford to pay fees will be admitted for treatment in the State hospitals in the Madras City unless he is a Government servant. In order to encourage the establishment of more and better organised private nursing homes and to provide a larger scope for practice for the increasing number of medical practitioners in the City, His Excellency the Governor in Council resolves to accept the recommendation of the Surgeon General in addition :

Cal

(1) The right to refer [illegible] well-to-do patients other than Government servants is to be restricted to medical institutions in the Madras City and is to come into effect only from 1st April 1927,

(2) The existing system under which such patients are admitted in the special paying wards in the medical and surgical hospitals is to continue.

(3) Cases of accidents and those requiring immediate relief are to be admitted in all institutions in the Madras City without any distinction:

(4) An appeal to lie to the Surgeon-General from any patient who claims to possess, has been refused admission in any hospital.

5. The Surgeon-General is requested to submit detail proposals for carrying out the above orders and a draft of the revised rules embodying the changes to be made on this account.

Sir,

With reference to your letter No.G.2213-Med.22-18-13 dated 30th July 1920, I have the honour to forward herewith the only copy of rules governing the levy of fees in State Medical Institutions in the City of Madras and to state that the Surgeon General with the Government of Madras, intimates in his letter No.87-7197 dated 16th August '20, that the same rules are being followed by all the Head Quarter Hospitals in the Muffisal, taken over by Government and that institutions under the control of local boards have their own rules in the matter.

2. As regards the Bombay Presidency spare copies of the rules are said to be not available and the Surgeon General with the Government of Bombay intimates that the rules are embodied in appendix VI to the Bombay Civil Medical Code. The copy of the code sent by your office does not contain the appendix which is printed as a separate addendum.

Copy not available & has to be ordered for, if necessary.

IV. GENERAL.

7. In the case of officials and other persons on fixed stipends the charges will be calculated on the actual salary drawn during the period of treatment in hospital. In other cases the charges will be calculated on the average income received during the twelve months preceding admission into the hospital by the patient or by the head of the family.

8. For children of twelve years of age and less half the rates of nursing and dieting charges will be charged. When two or more children of the same person are in hospital at the same time the total charge shall not exceed the daily rate payable by the head of the family.

9. For special nursing an extra fee of Rs. 2 per day for each nurse will be levied

10. The fees given in the table above for major operations and confinements will be regarded as maxima. The medical officer in charge of the case and, if he is associated with a surgeon, then such medical officer jointly with the surgeon who performs the operation or attends the confinement, should determine the fee to be charged subject to the prescribed maximum for the operation, regard being had to its nature and gravity. A similar discretion may be exercised in regard to confinements.

11. All charges levied under the foregoing rules shall be credited in full to the Government.

12. These rules will not apply to the Lunatic Asylum, Madras.
